- Name of your Holiday Park or Caravan Park
- Approximate dimensions
- Preferred decking colour choice
- Handrail style & colour
- Steps or ramp?
- Your contact information and best time to call

Frequently Asked Questions

Is it easy to maintain?

Yes, it is very easy to look after! It requires very little maintenance, no painting, no staining or sealing.

Are the products fire resistant?

BM Decking use products that have been tested by Fire Technology Services in accordance with BS476: Part 7: 1987.

Is the decking environmentally friendly?

The majority of products are manufactured with a high-grade polymer outer layer and a partially recycled core.

How long have you been installing decks?

BM Decking have over 15 years of decking installation experience.

Do you follow British Standards?

Yes, all the products are in accordance with the specifications set out in BS6180: 2011

Can the deck boards become slippery?

The deck boards have a raised grain effect grip, performing well even in wet conditions.

What is the decking built on?

Decking is constructed on galvanised steel sub frames using 2 way corner brackets and half-tee cross bearer brackets, making the foundation of the deck rot resistant.

Is there a warranty?

Our materials supplied have security of a 10 year limited warranty on the 100% polymer products. The sub-frame is engineered to last; even the brackets are made from steel.

What areas do you cover?

BM Decking are based in the West Midlands. This is ideal as we can easily travel to holiday or residential parks as well as domestic homes and gardens throughout the UK.

We have a fully skilled and experienced team having built a reputation with our clients for quality, service and price. Our completed projects include a wide range of decking solutions for some of the largest & well known holiday parks throughout the UK.
